## QuARTz by ACO

### Private Residence – Bulimba, QLD

**Bulimba is one of Brisbane's prestigious riverside suburbs known for its magnificent designer homes.**

Recently, a three level home in Bulimba, comprising five bedrooms, three bathrooms, a lift, cinema and gymnasium, was totally renovated.

The home owner wanted a modern appearance for the bathrooms with large granite tiles from wall to ceiling, modern appliances and fittings along with level threshold bathroom floors without hobs or recesses.

The objective was to make the drainage elements in the wet areas as discreet as possible, so as not to detract from the appearance of the large granite tiles.

The owner and designer both chose ACO's ShowerChannel with Tile grates in standard and custom lengths.

ShowerChannel is part of the QuARTz By ACO range comprising linear channels and floor wastes.
